Ninth Annual *WealthBriefing* European Awards
OVERVIEW

Introduction

WealthBriefing is excited to announce the launch of its 2021 European Awards programme.

Now in its ninth year, and building on the long-standing success of its independent judging process, nominations for the WealthBriefing European Awards 2021 are now open.

Categories

For those new to the awards, the categories are focused around three main areas:

- Experts (individuals and teams)
- Products
- Services for wealth managers and clients/institutions of all sizes and types

Judging

Within our global awards programmes, independence, integrity and genuine insight are the watchwords. The judging process is always conducted by expert panels drawn from the wealth management industry.

Each judge signs an NDA to ensure that all the information that they see in submissions remains strictly confidential. The list of the judges for the current iteration will be available in due course.

Having reported on the wealth management market for over 15 years and being responsible for many research reports specifically covering European wealth management market, WealthBriefing is well placed to oversee a process that fairly rewards achievement, top class performance and innovation.

Winning a WealthBriefing Award sets organisations and individuals apart from their peers and is a tangible demonstration that they have something special to offer.

We very much look forward to you joining the process and to welcoming winners to celebrate their achievement at the awards presentation event that is planned to be held at The De Vere Grand Connaught Rooms in London’s West End on 20th May 2021.
